Not Now

*Authorize this plug-in in your browser*

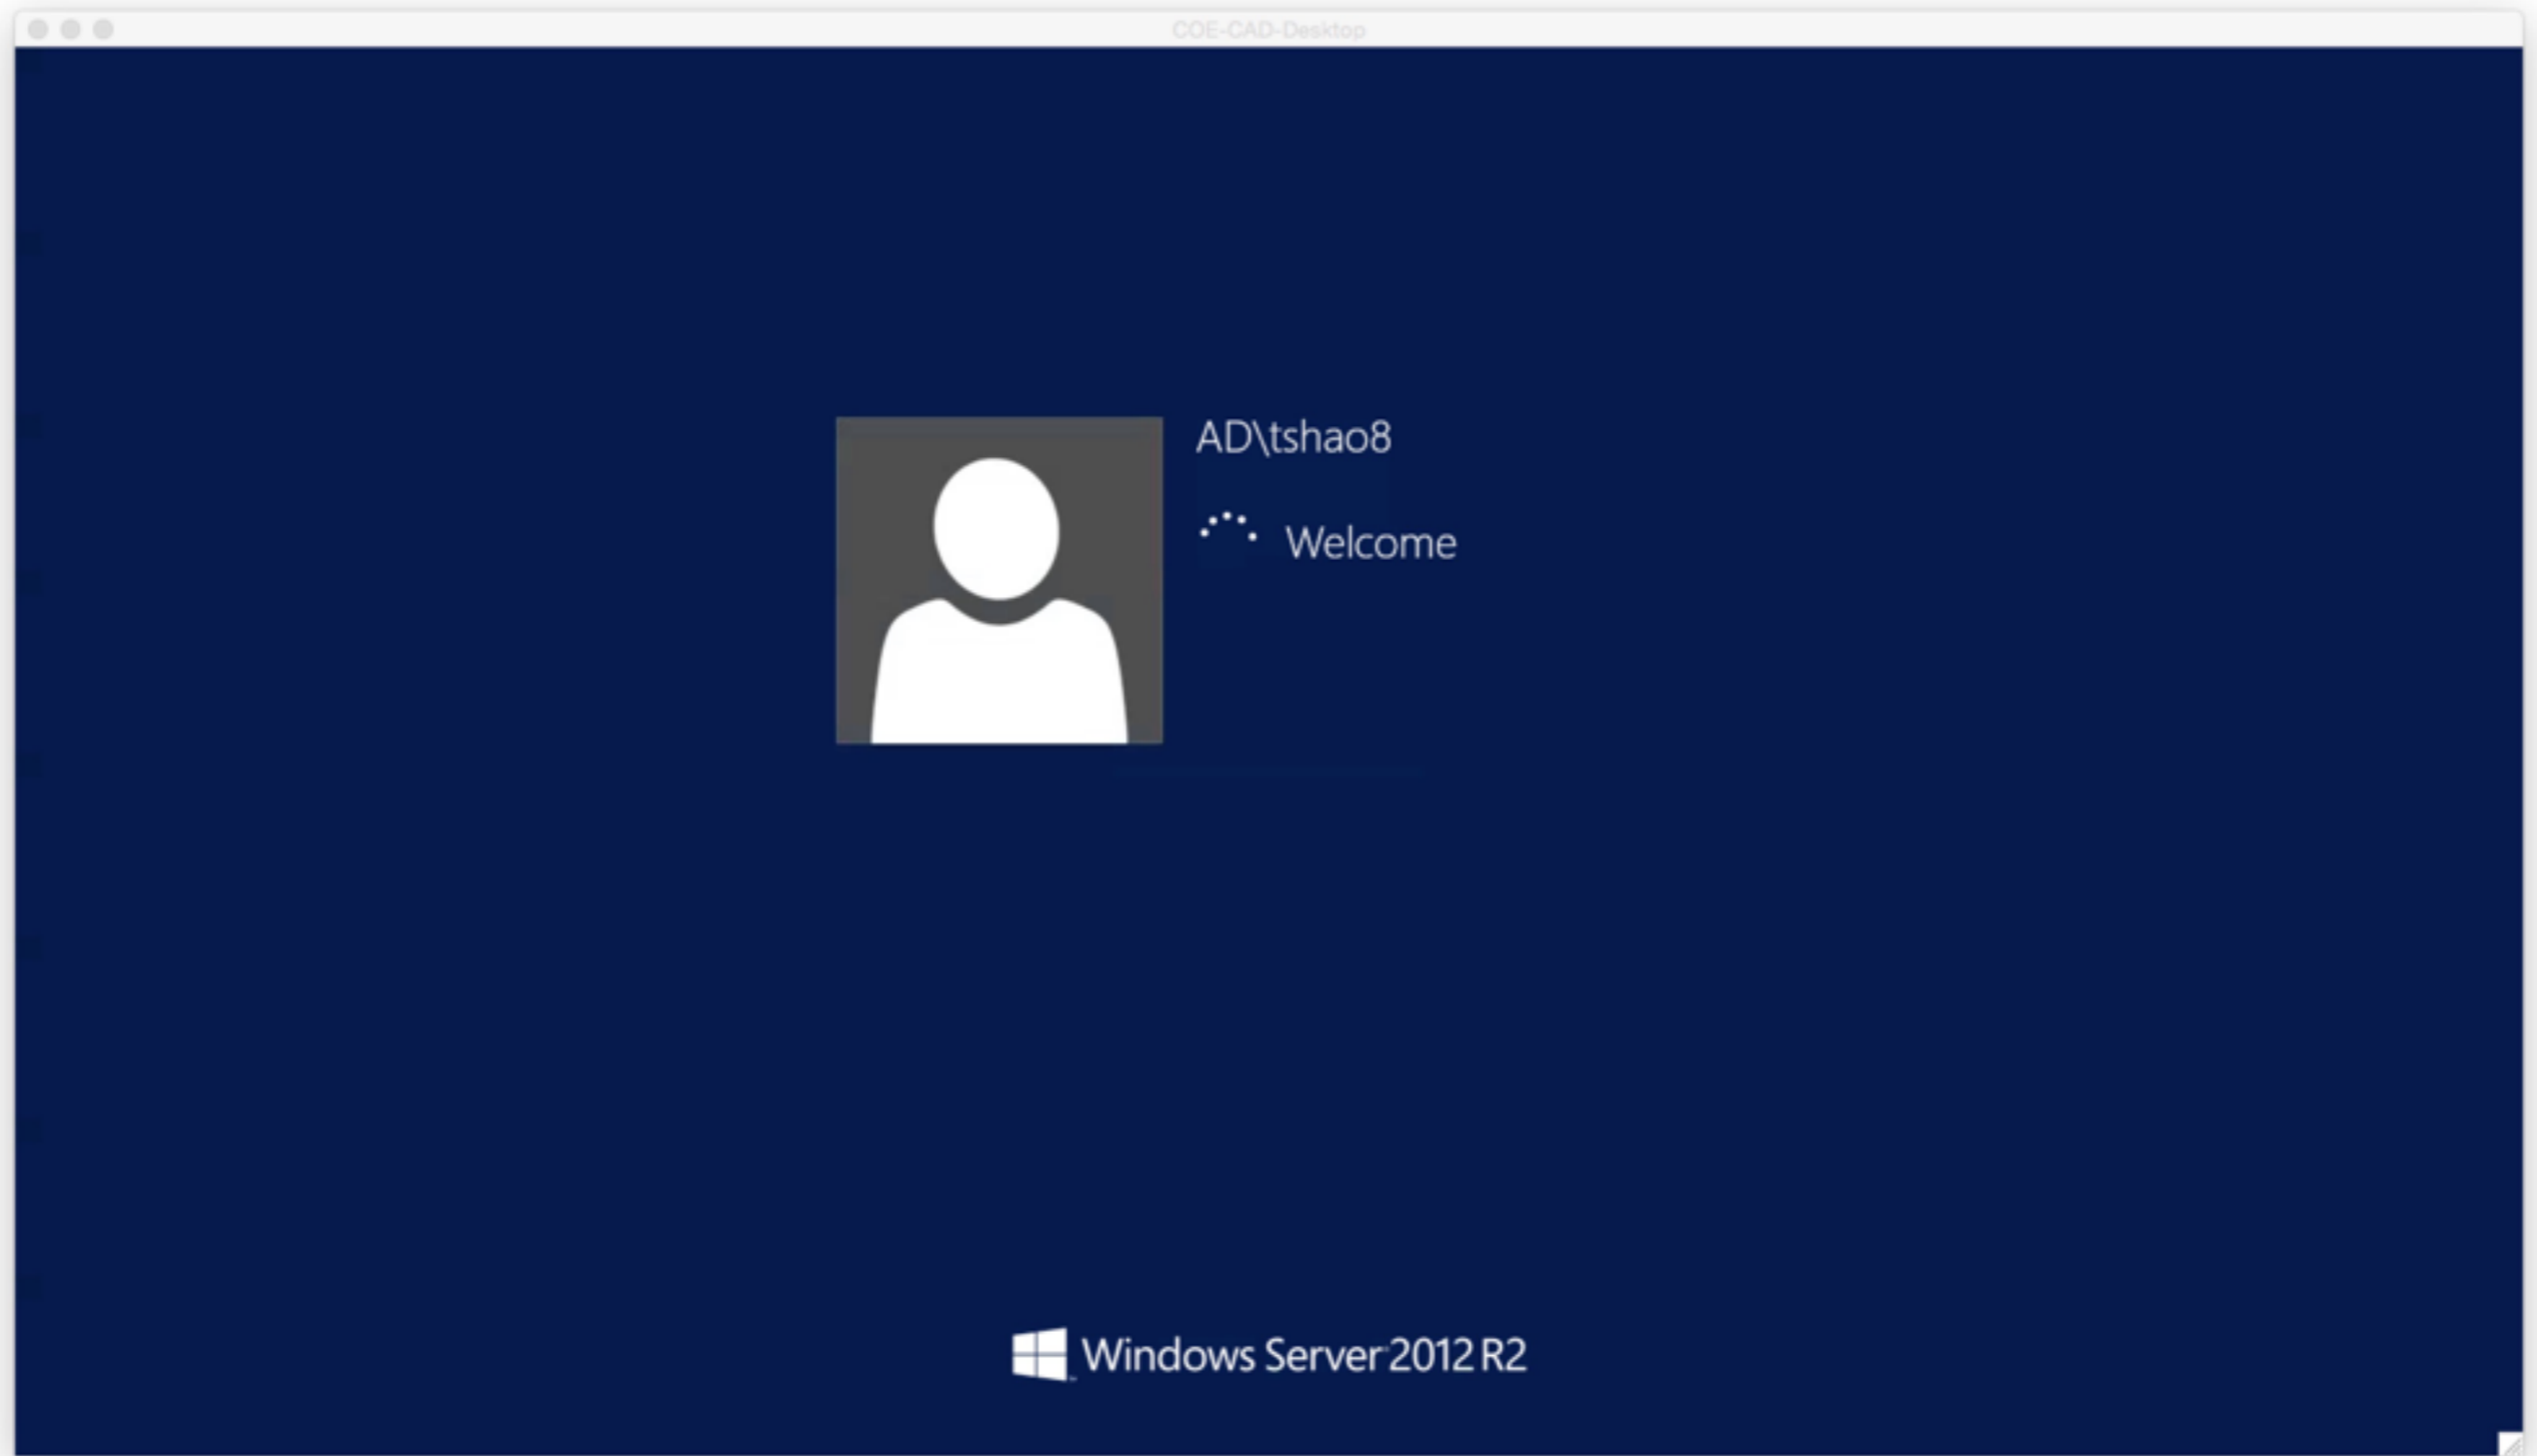

*Choose "COE-CAD-Desktop"*

*Please allow app read & write*

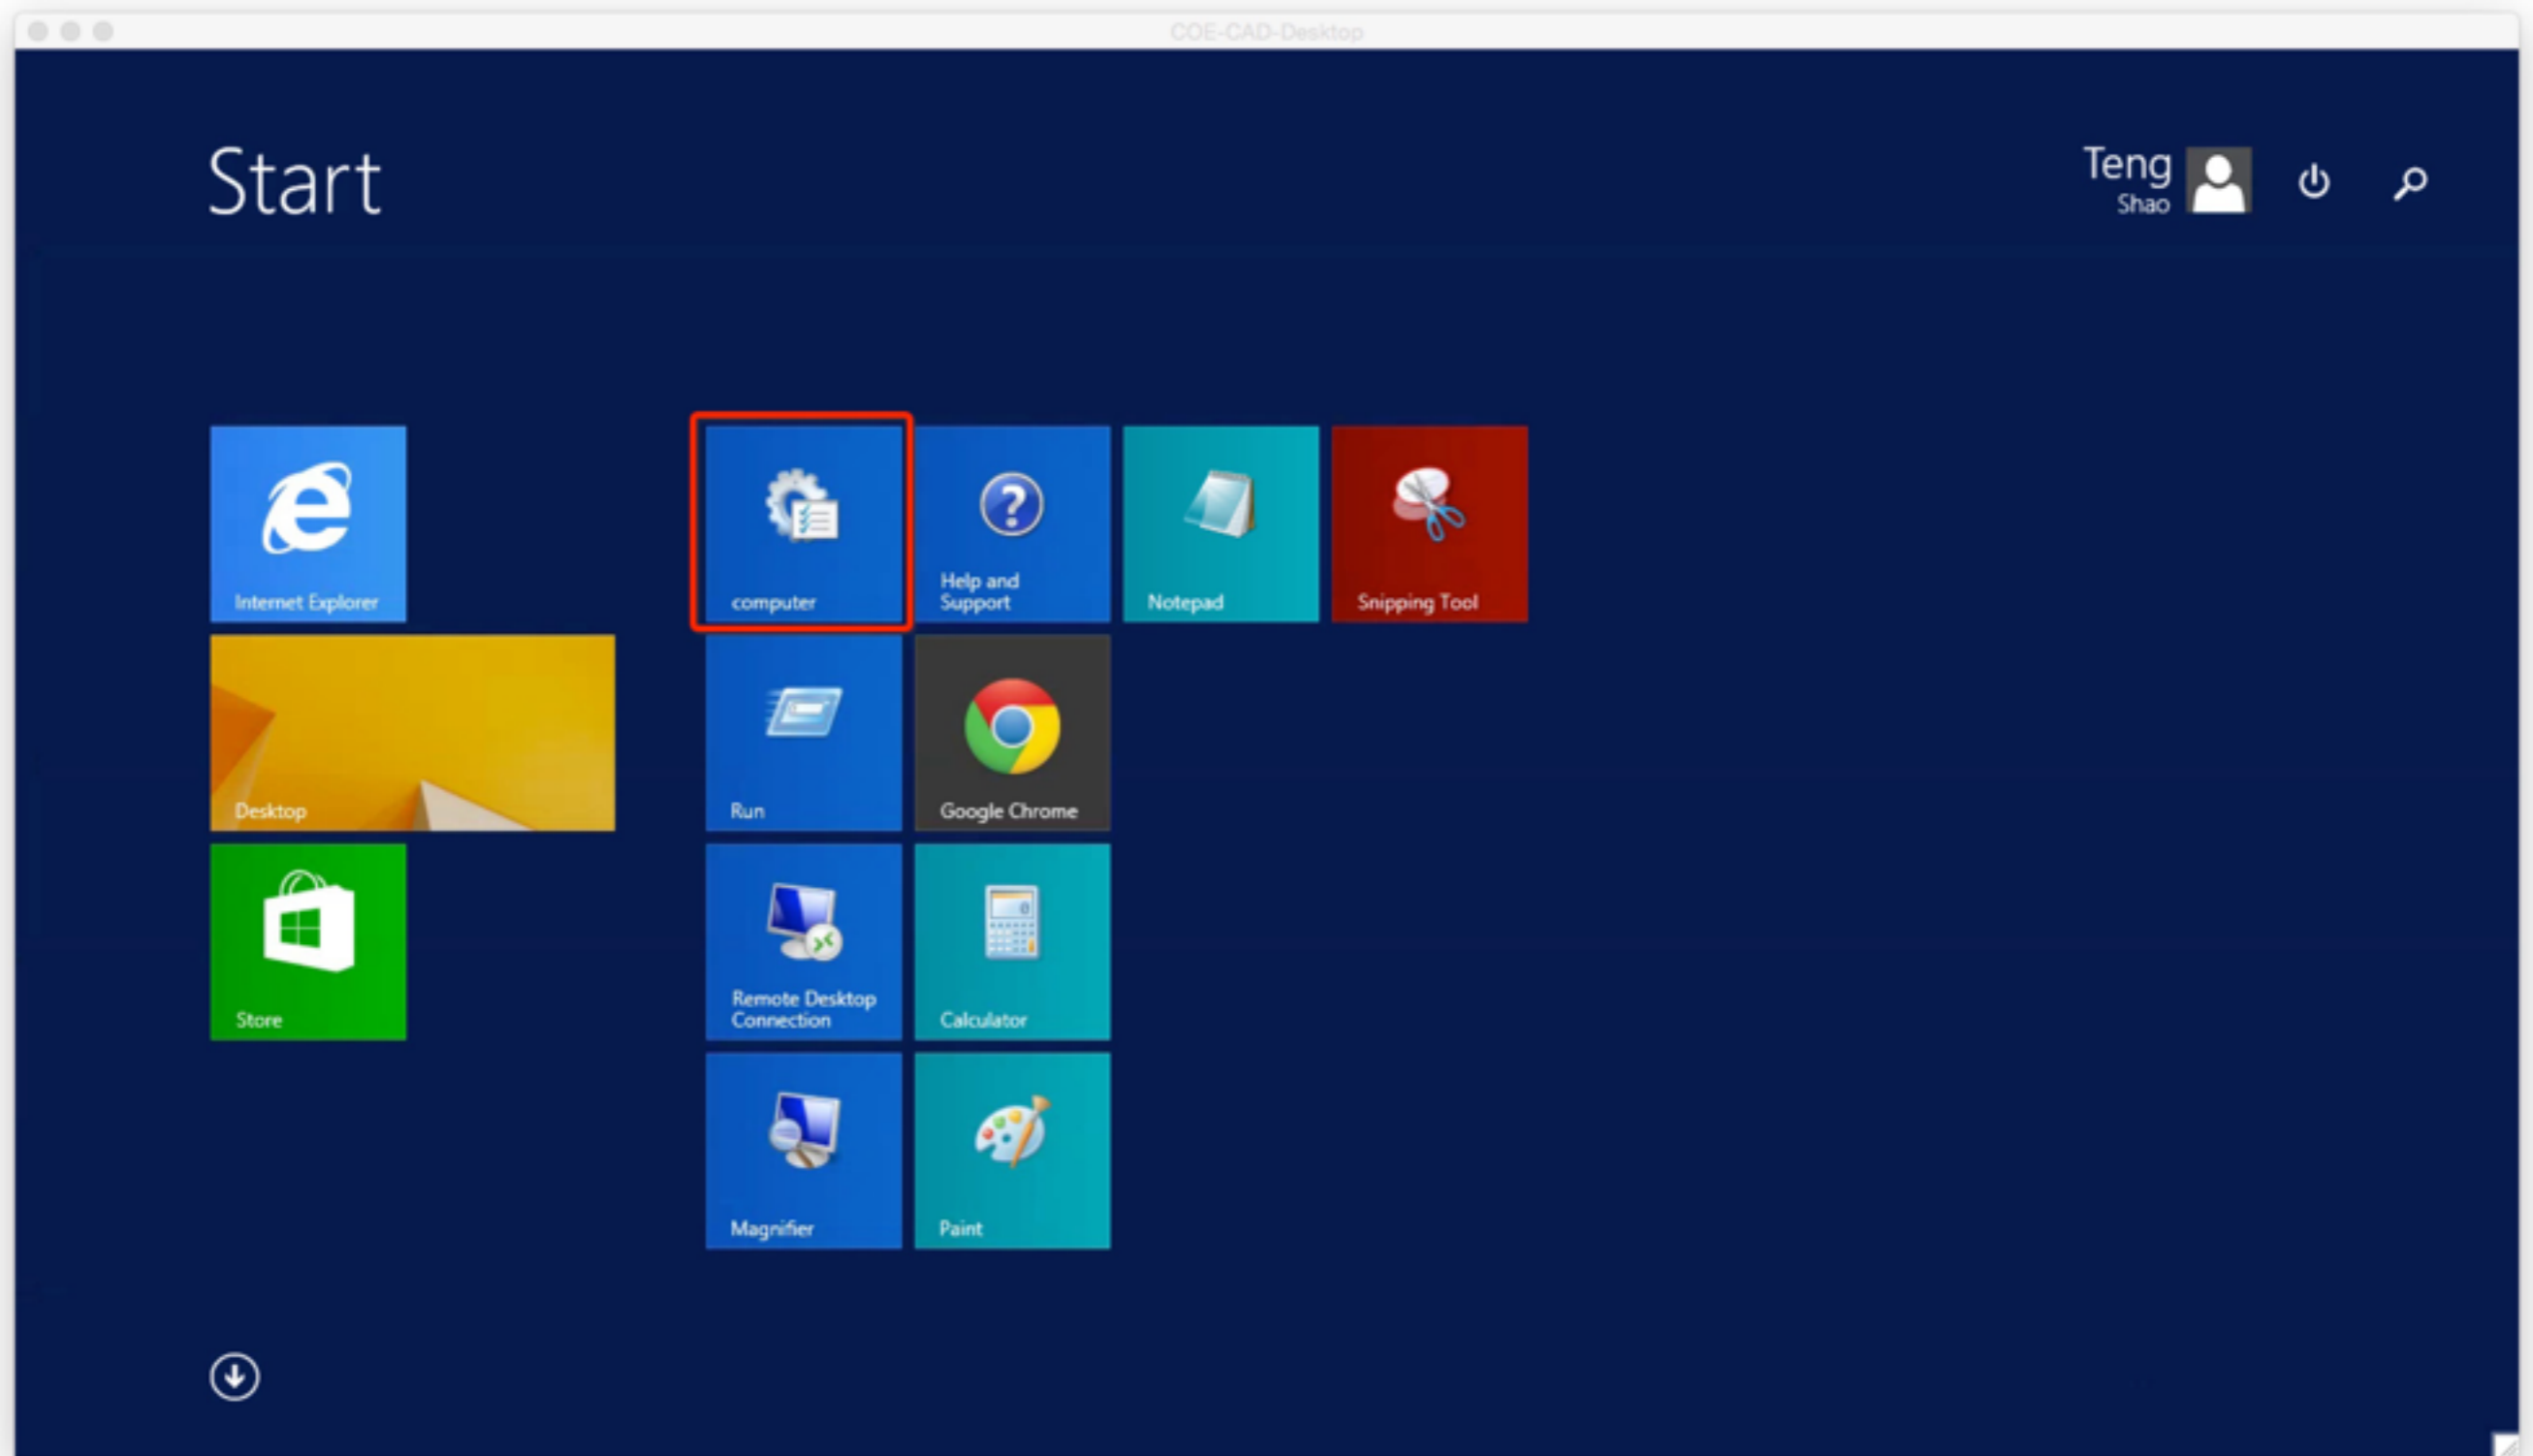

*You will see this in a new window*

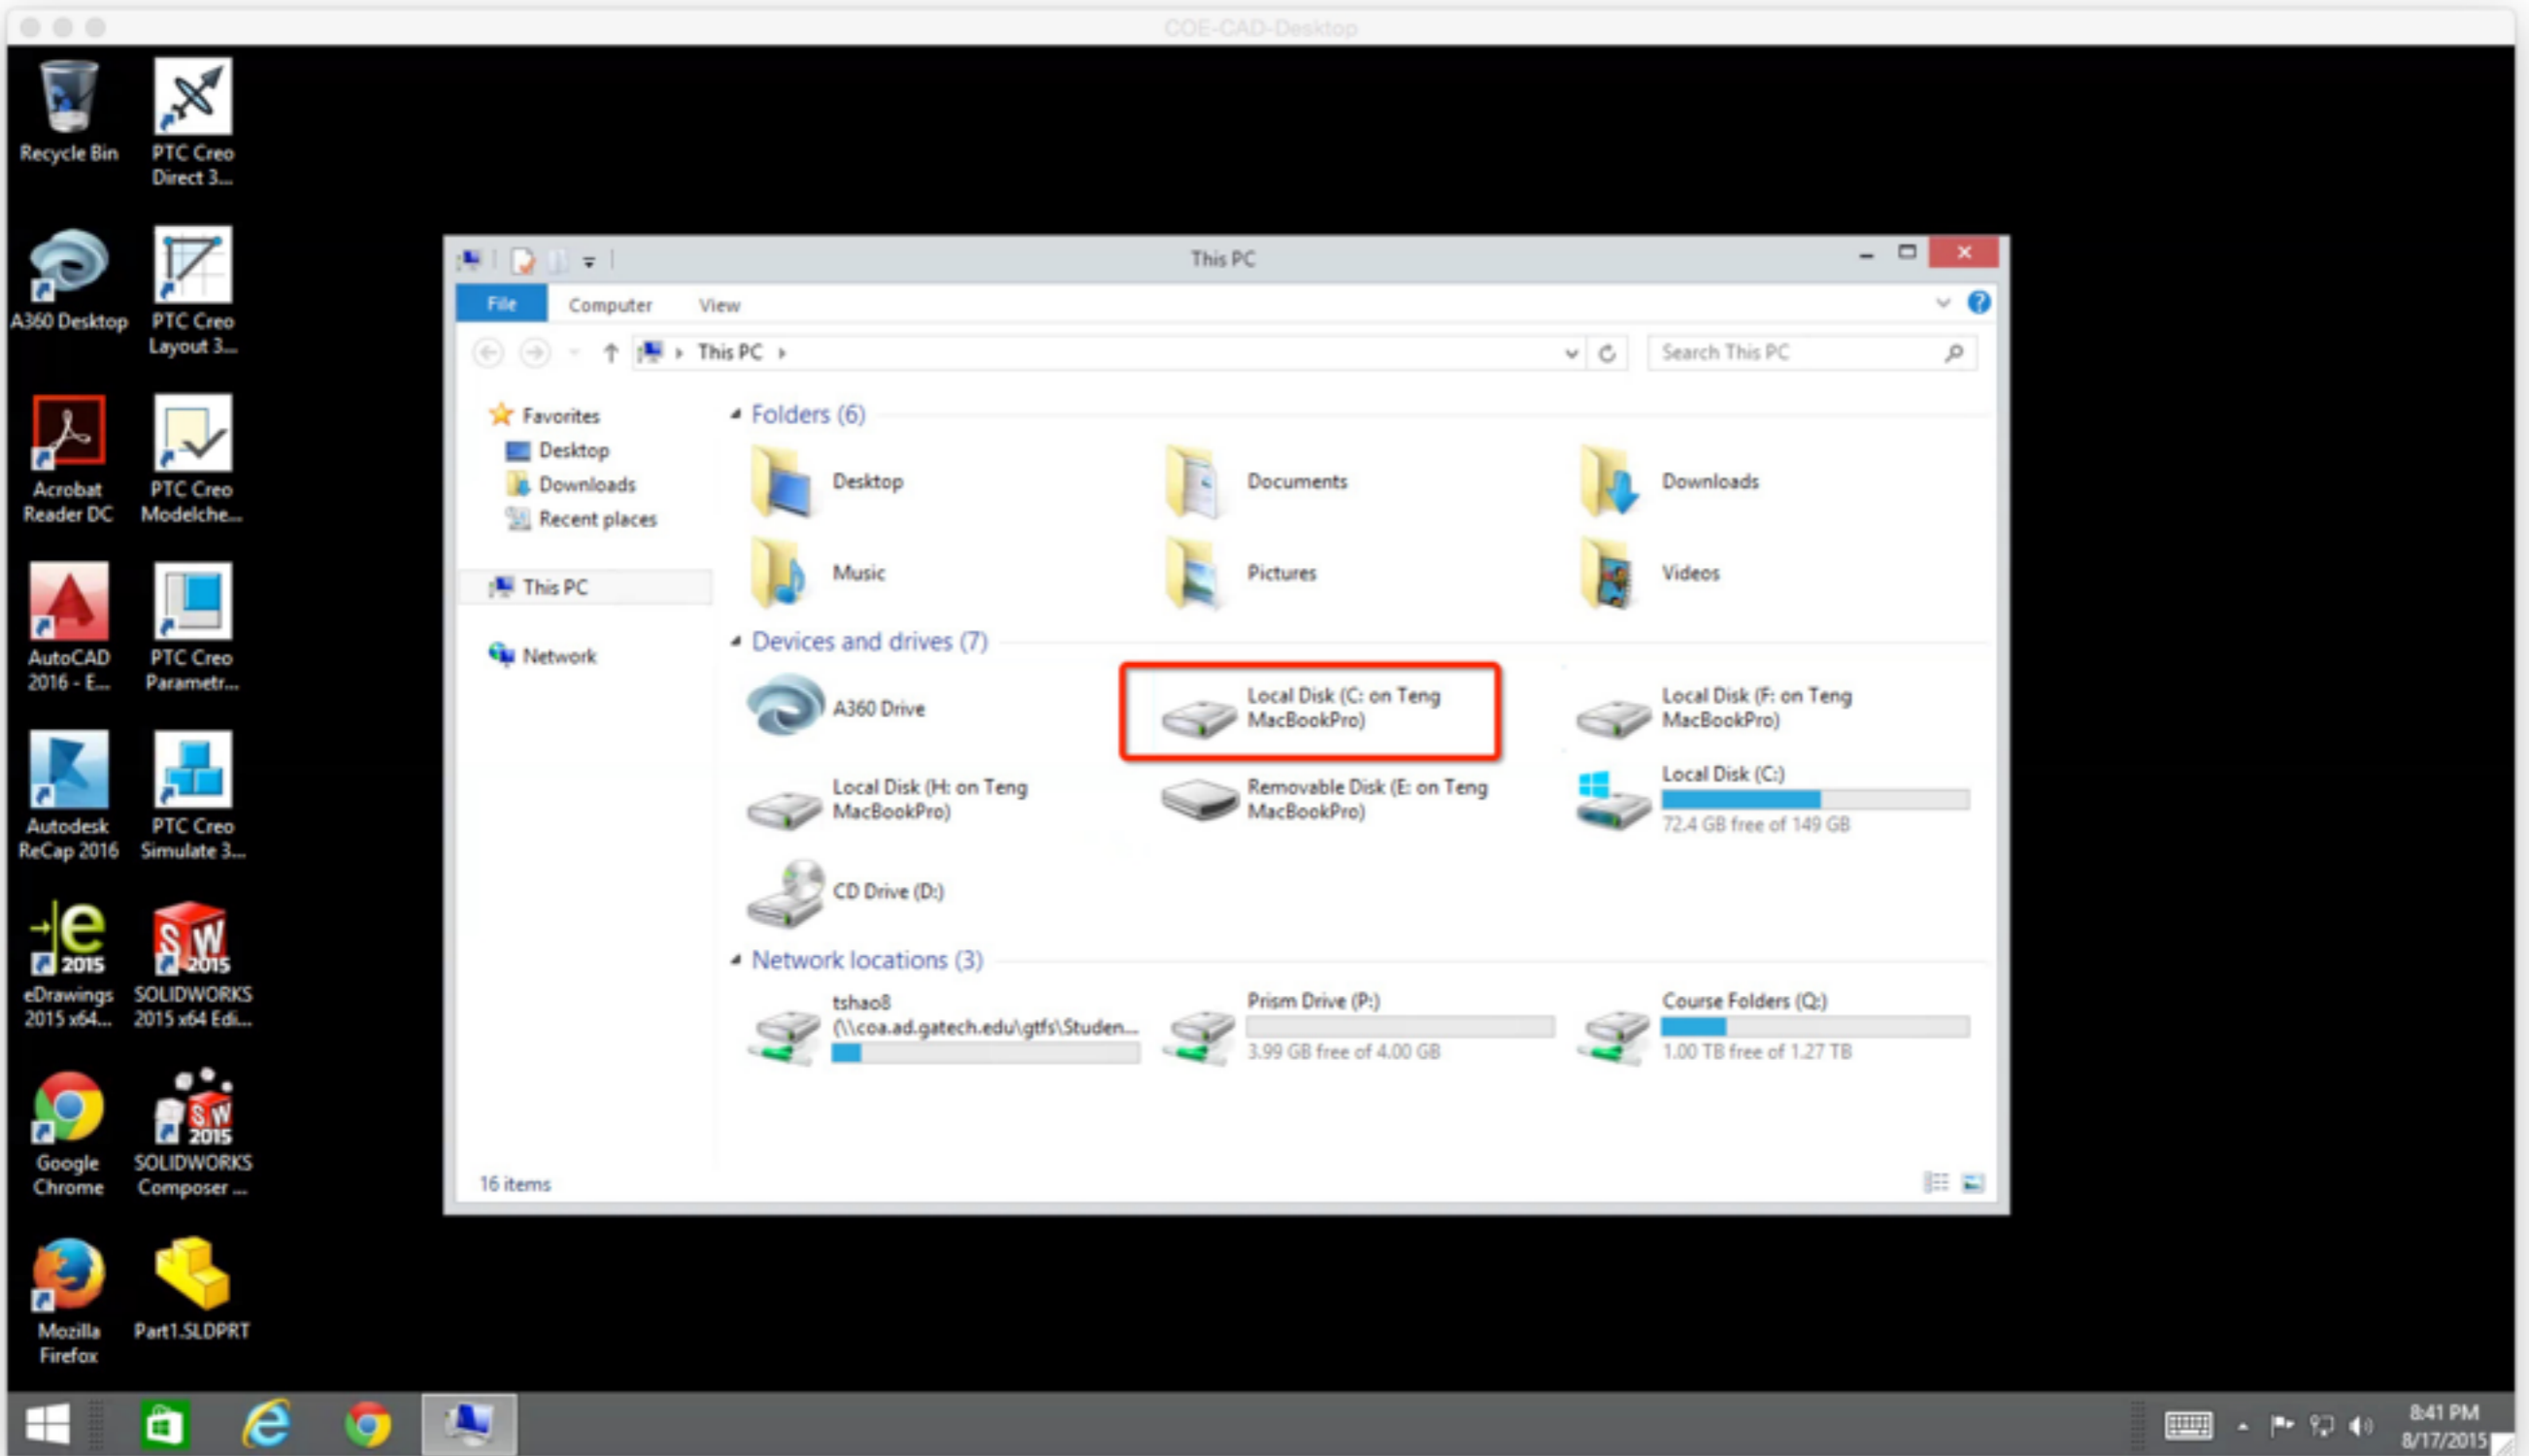

Whoa!

Open "Start"

Open "computer"

*Copy & paste your work to your local folder*

*run locally*

*PC, or Mac with virtual Windows*

### Software Distribution

The Office of Information Technology has made agreements with various software distributors in order to supply the campus with their software needs. To use this web site, you must meet the following requirements:

- You must be a **current** Georgia Tech student, faculty, or staff. (All software must be uninstalled when you leave.)
- You must have an active GT Account
- Some packages include [large files](#) (files larger than 2GB). To download these files, you will need a browser that handles them correctly.

If all of these requirements have been met, please continue.

**Software Distribution Status**

**OK**  
There are no major issues at this time.

[\(-OIT Service Status-\)](#)

**[Click here to download software provided by Georgia Tech](#)**

### Other Places to Get Software

- [College of Architecture](#)  
The College of Architecture offers AutoDesk and ArchiCAD software for students
- [OnTheHub/E-Academy Software](#)  
Productivity Software Packages for students at educational prices.

<http://software.oit.gatech.edu>

Engineering provides Advanced Design System, Ansoft,

Software for Georgia Tech owned computers at academic discounts. **Now offers discounted software (Adobe products, Microsoft Office, etc) for personal purchases as well.**

## SolidWorks 2015 Standalone License for Students for Microsoft Windows 8.1

### Additional Information

#### SolidWorks - Installation

As part of the Georgia Tech SolidWorks campus license, 3DS is extending a student access license allowing Georgia Tech students to install a standalone version of SolidWorks on their personal machine.

The attached PDF provides information on how to register for the student access license on the solidworks.com web site and which serial number to use.

Note: these instructions are provided as is and the College of Engineering is unable to provide support with installation of SolidWorks on personal machine. Students are encourage to check the configuration of their laptop / video cards against the following database

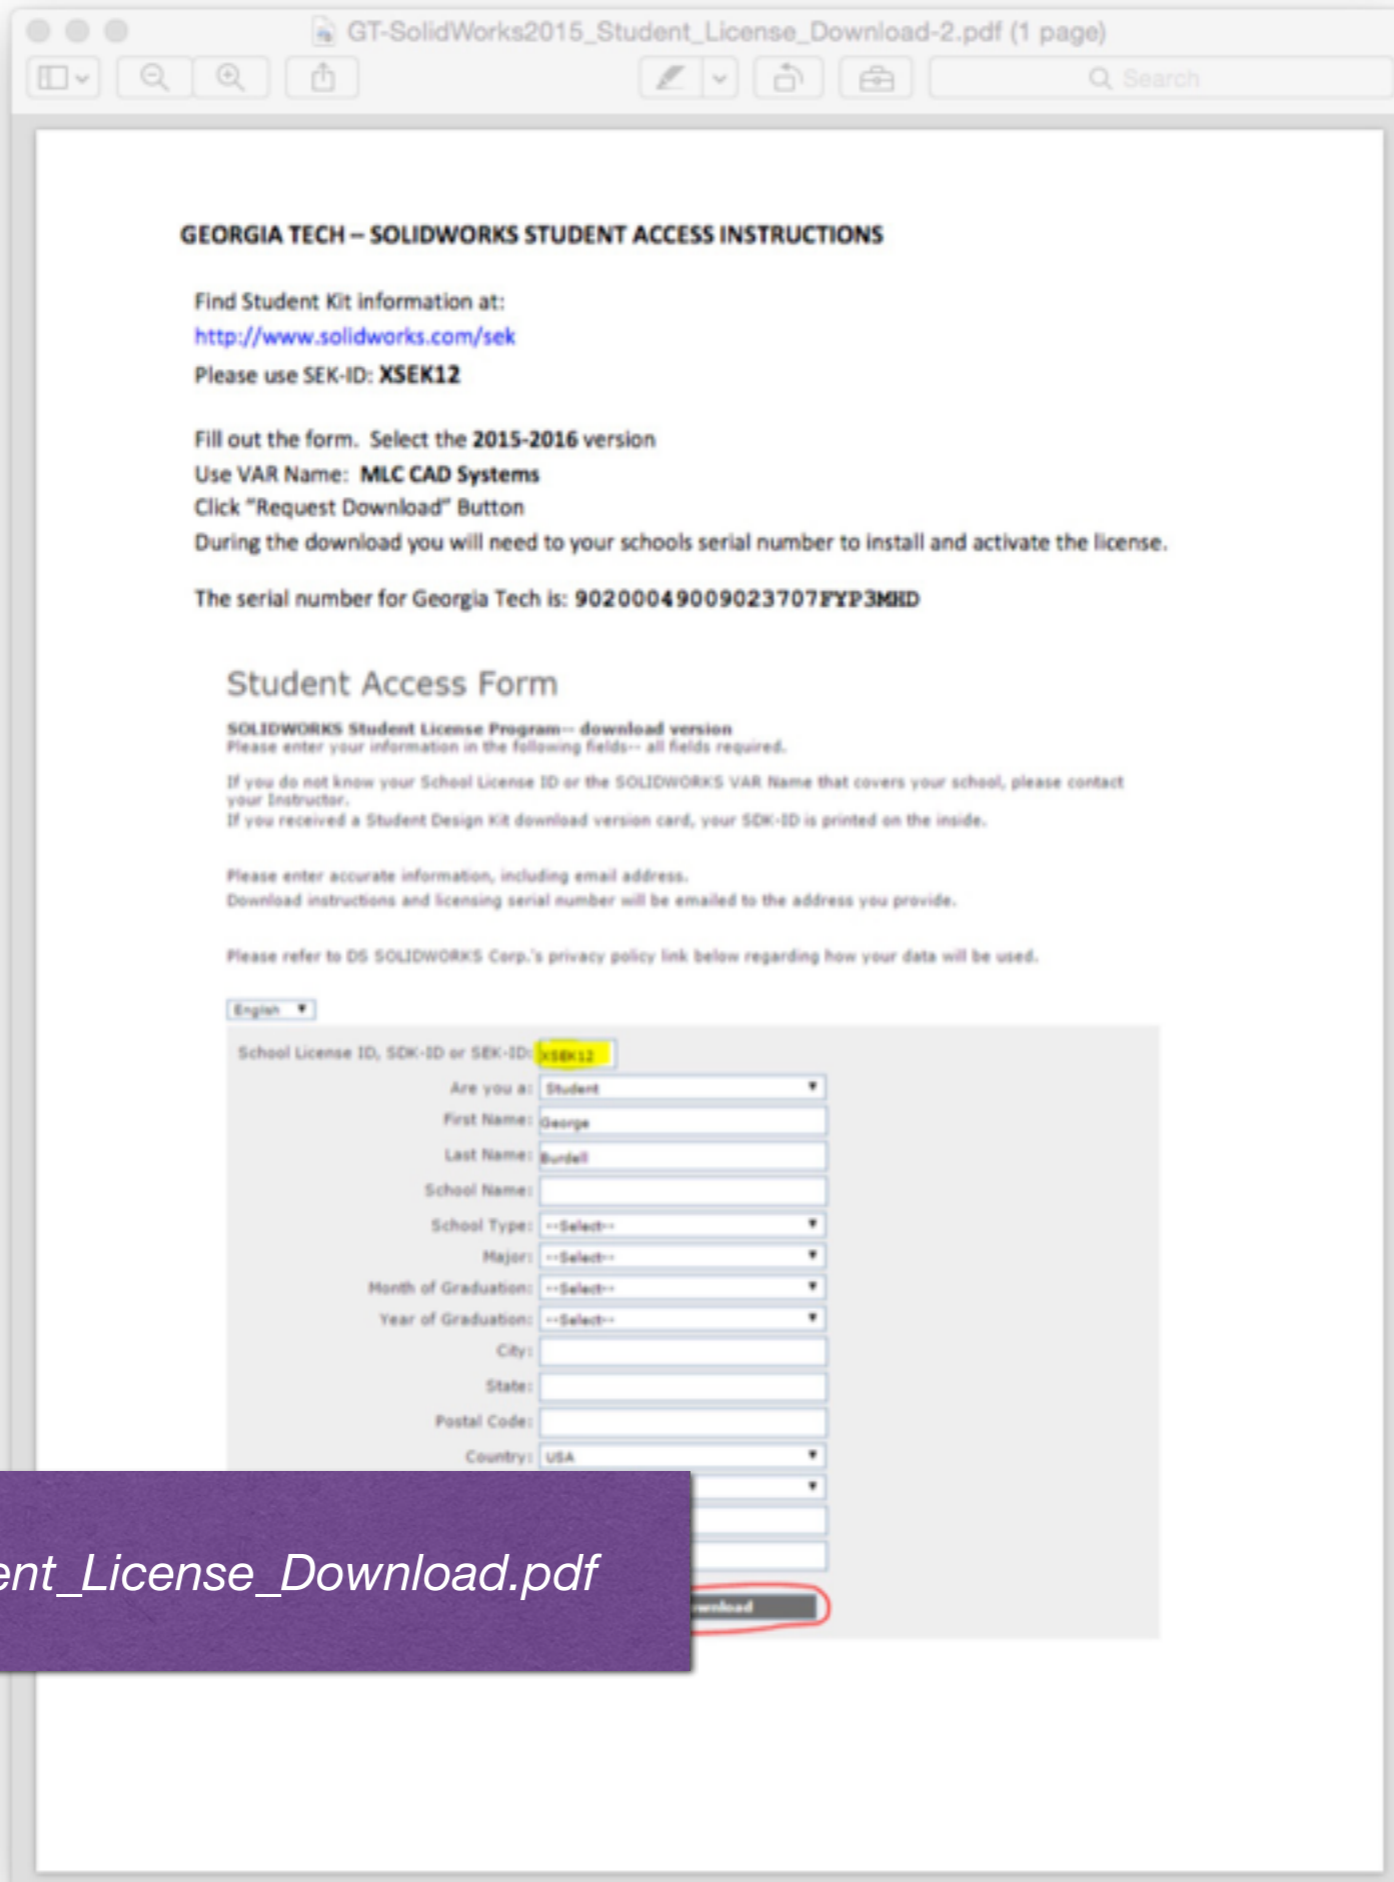

<http://www.solidworks.com/sw/support/videocardtesting.html>

### Files

Before downloading files, please read the "Additional Information" section above. **This information may be required later** to install, use, or configure the software.

I have read the information

When you are done downloading files and do not intend to request any more software, please [log out](#). To request more software, return to the main Software Distribution page.
