CS 3651 Skill Demo #2 SparkFun Tinker Kit Part 3

Student Name:

Student GTID:

For this demo, you should make something creative with your SparkFun kit. Your demo should include a sensor (button, temperature sensor, potentiometer, light sensor, other), and output (multiple LEDs, servo-motor, H-bridge driven motor).

**Demo includes sensing.**

TA/Instructor initials___________ date________________

**Demo includes acting (multiple LEDs or movement).**
